Reference Circular

Sources of Audiovisual Materials about Handicapping Conditions

National Library Service for the Blind and Physically Handicapped

The Library of Congress
Washington, D.C. 20542

Date **July 1985** No. **85-3**

INTRODUCTION

This reference circular lists sources of audiovisual materials, including films, videocassettes, and slides, on handicapping conditions. Subjects covered are listed alphabetically in Sections I and II.

Section III contains names and addresses of producers and distributors along with information about specific types of media produced by each distributor, method of distribution, and a list of the subjects available from each source. Most sources provide audiovisual materials for purchase and rental. A few provide films on free loan with a postage or handling fee and are identified by the term "Loan." For information about specific titles, or purchase or rental prices, contact the sources directly.

The information in this circular has been compiled from catalogs and descriptive brochures submitted by producers and distributors in response to a recent survey conducted by the Reference Section. As additional information is received, it will be included in future editions of this circular.
